V. Rajadhyaksha as a member of the Film Advisory Board, Bombay for a term of two years with effect from the 20th August 1966, *vice* Prof. G. C. Banerjee whose term has expired.

B. GHOSE, Under Secy.

## MINISTRY OF LABOUR, EMPLOYMENT AND REHABILITATION

(Department of Labour and Employment)

## RESOLUTIONS

New Delhi, the 12th August 1966

No. WB-2(4)/66(1).—The Central Wage Board for Iron Ore Mining Industry, set up by the Government of India, by their Resolution No. WB-2(1)/62(1), dated the 3rd May 1963, has made recommendations for grant of a second interim wage increase, as shown in the Appendix with effect from 1st April 1966.

2. The Government have decided to accept the Board's recommendations and to request the employers to implement the same as early as possible.

## ORDER

ORDERED that a copy of the Resolution be communicated to all concerned.

ORDERED also that the Resolution be published in Gazette of India, for general information.

## APPENDIX

## Central Wage Board for Iron Ore Mining Industry

The Board had recommended interim wage increase for the workers employed in the Iron Ore Mining Industry to take effect from 1st January 1964. These recommendations, as clarified and amplified subsequently by the Board, have come into effect from the same date through Government Resolution No. WB-2(6)/64(1) dated 3-9-64.

The Board has completed the hearing part of its work and has also taken certain decisions in respect of some of the points under Board's reference. A detailed wage structure has, however, to be worked out and in view of the complicated nature of work, the Board feels that it would require some time more to complete its work and submit the final report to Government. While this is the position with regard to the nature of Board's work relating to the final wage structure, the Board is also conscious that in the period of more than two years that has elapsed since the grant of the interim wage increase, there has been appreciable increase in the cost of living in the country and in the iron ore mining areas which has led the workers concerned to make pressing demands for a second interim wage increase.

After a very careful consideration of the relevant factors, including the rise in the cost of living the Board has come to the conclusion that there is a *prima facie* case for the grant of a second interim wage increase. The Board therefore recommends that all workmen (time rated as well as piece rated) as defined in the Industrial Disputes Act, 1947 (including workers engaged by or through contractors) working in the iron ore mining industry should be paid, with effect from 1st April 1966, a second interim wage increase of 50 paise per day to daily rated workers, and Rs. 13 per month to monthly rated workers.

In the calculation of the amount of second interim wage increase to which the workers of iron ore mining industry would be entitled, the increase in the cash food concession between 1-12-63 and 1-4-66 should be taken into account.

Provided that in no case the cash amount of this second interim wage increase should be less than 30 paise per day or Rs. 7.80 per month, as the case may be.

These workers in the iron ore mining industry, who have been given benefits of the final recommendations of the Iron and Steel Wage Board, would not be entitled to this interim wage increase.

The 12th August 1966

No. WB.2(4)/66(2).—The Central Wage Board Limestone and Dolomite Mining Industries, set up by the Government of India by their Resolution No. WB.2(1)/62(2), dated the 3rd May 1963, has made recommendations for grant of a second interim wage increase, as shown in the Appendix with effect from 1st April 1966.

2. The Government have decided to accept the Board's recommendations and to request the employers to implement the same as early as possible.

## ORDER

ORDERED that a copy of the Resolution be communicated to all concerned.

ORDERED also that the Resolution be published in the Gazette of India for general information.

## APPENDIX

*Central Wage Board for Limestone and Dolomite Mining Industry*

1. The Board had recommended interim wage increase for the workers employed in the limestone and dolomite mining industries to take effect from 1st January, 1964. These recommendations, as clarified and amplified subsequently by the Board, have come into effect from the same date through Government Resolution No. WB-2(6)/64(2) dated 28th August 1964.

The Board has completed the hearing part of its work and has also taken certain decisions in respect of some of the points under Board's reference. A detailed wage structure has, however, to be worked out and in view of the complicated nature of work, the Board feels that it would require some time more to complete its work and submit the final report to Government. While this is the position with regard to the nature of Board's work relating to the final wage structure, the Board is also conscious that in the period of more than two years that has elapsed since the grant of the interim wage increase, there has been appreciable increase in the cost of living in the country and in the limestone mining areas which has led the workers concerned to make a pressing demand for a second interim wage increase.

After a very careful consideration of the relevant factors, including the rise in the cost of living, the Board has come to the conclusion that there is a *prima facie* case for the grant of a second interim wage increase. The Board, therefore, recommends that all workmen (time rated as well as piece rated) as defined in the Industrial Disputes Act, 1947 (including workers engaged by or through contractors) working in the limestone and dolomite mining industries should be paid with effect from 1st April, 1966 a second interim wage increase of 50 paise per day to daily rated workers and Rs. 13 per month to monthly rated workers provided that in case of those limestone mines whose entire production of limestone is used exclusively for manufacture of lime, the amount of second interim wage increase would be 30 paise per day or Rs. 7.80 per month, as the case may be.

In the calculation of the amount of second interim wage increase to which the workers of limestone and dolomite mining industries would be entitled, the increase in the cash food subsidy and/or in the value of food concession between 1-12-66 and 1-4-66 should be taken into account.

Provided that in no case the cash amount of this second interim wage increase should be less than 30 paise per day or Rs. 7.80 per month as the case may be.

Those workers in the limestone and dolomite mining industries, who have been given benefits of the final recommendations of the Iron and Steel Wage Board, would not be entitled to this interim wage increase.

*The 19th August, 1966*

No. WB-19(2)/65—A central Wage Board for leather and leather goods industry was set up by the Government of India by their Resolution No. WB-19(2)/65, dated the 21st March, 1966. A suggestion was made that the coverage of the Board may be extended to factories employing 10 or more workers instead of 20 as mentioned in Para 4 of the above Resolution. The matter has been considered by Government and it has been decided to amend Para 4 of the Government Resolution cited above to read as follows:—

"4: The coverage of the Wage Board will be extended to establishments;

- (i) whereon ten or more workers are working and in any part of which a manufacturing process is being carried on with the aid of power; and
- (ii) whereon twenty or more workers are working and in any part of which a manufacturing process is being carried on without the aid of power.

## ORDER

ORDERED that a copy of the Resolution be communicated to all concerned.

ORDERED also that the Resolution be published in the Gazette of India for general information.

HANS RAJ CHHABRA, Under Secy.
